EXPERIENCE

Dragonfly

UI/UX Consultant

Sep. 2025 – Present

Remote

- Designed and prototyped dashboards and interfaces in Figma, applying UX best practices across diverse user groups within enterprise environments including SAP.
- Collaborated with leadership through discovery and requirements gathering sessions, **translating user feedback into actionable design decisions.**
- **Lead design session** with AI consultant and developers to align with business goals. While also conducting feedback sessions with the wider team.

Freelance

UI & UX Designer

Present

York

- **Led end-to-end design project** from wireframing and prototyping to final delivery, **redesigning digital assets** and websites to improve visual consistency and usability in line with client goals.
- **Conduct user research on behalf of clients** to identify target audience needs and behaviours, translating insights into informed design decisions.
- Writing blogs on LinkedIn covering UI, UX and Customer Experience based on interaction with clients and personal point of view.

University of South Wales

Student Assistant

Jul. 2024

South Wales & Vietnam

- **Contributed to the digital transformation initiative**, integrating technology with biodiversity monitoring.
- **Led coding workshops** to Can Tho University students (Vietnam), focusing on mobile applications.
- Gained hands-on experience with bioacoustics and conservation technologies.

Sofina Foods Ltd

Accounts Payable Processor

Jun. 2022 - Sep. 2022

Malton

- Validated vendor invoices within the SAP ERP environment to maintain accurate vendor data.
